

Sports Funding 2016/17

In 2016/17, we received £8205 through the Primary PE and sport premium.

This funding was used to:

- Maintain our involvement in the West Lancashire School Sports Partnership to enable teachers and teaching assistants to work with qualified sports coaches to help them teach PE and facilitate games more effectively. All pupils receive 2x PE sessions each week.
- Fund After-School /Lunchtime activities provided by qualified sports coaches from West Lancashire Schools Sports Partnership
- To subsidise the cost of swimming lessons provided by qualified swimming coaches from West Lancashire Schools Sports Partnership. All KS2 and Year 2 children attended swimming lessons for a given period during the year. The grant helps to fund the cost of any additional lessons and transport.
- To further develop the outdoor playground to provide further physical education opportunities.
- To subsidise any cost of children attending sports activities and competitions provided by the sports partnership.
