

MOSSY LEA MESSENGER

Tuesday, 23rd April 2024 XXIII. IV. MMXXIV

* Acorn Class Update *

It's been an exciting week in our classroom! 🌱 We kicked off the term with a special letter from none other than Peter Rabbit himself, who's lost a piece of clothing and needs our help to find it! 🐰🔍 Meanwhile, in maths, our EYFS children have been diving into the world of 3-D shapes using bubbles to visualize the transition from 2-D to 3-D. And over in Year Two, we've embarked on a fraction adventure, starting with the exploration of $\frac{1}{2}$ and $\frac{1}{4}$. 📊 Plus, our budding artists embraced the glorious Spring weather in Mossy Meadow, studying Flora for our new art topic! 🌸🌻

* Oak Class Update *

What an incredible first week back it's been in Oak Class!

☀️ We kicked off the week with an unexpected surprise as the children walked into what seemed like an art gallery setup! 🖼️ Curiosity sparked, questions flew, and soon we unveiled our thrilling half-termly

topic: "The History of Art"! 🎨📖 Throughout the half term, we will be embarking on a fascinating journey through time, exploring various art periods and styles. The Art Gallery will come to life with the children's own pieces of art work.

The highlight? Creating a colossal timeline where each stroke of creativity finds its place. 🕒🖋️ Our journey isn't just confined to art; it's

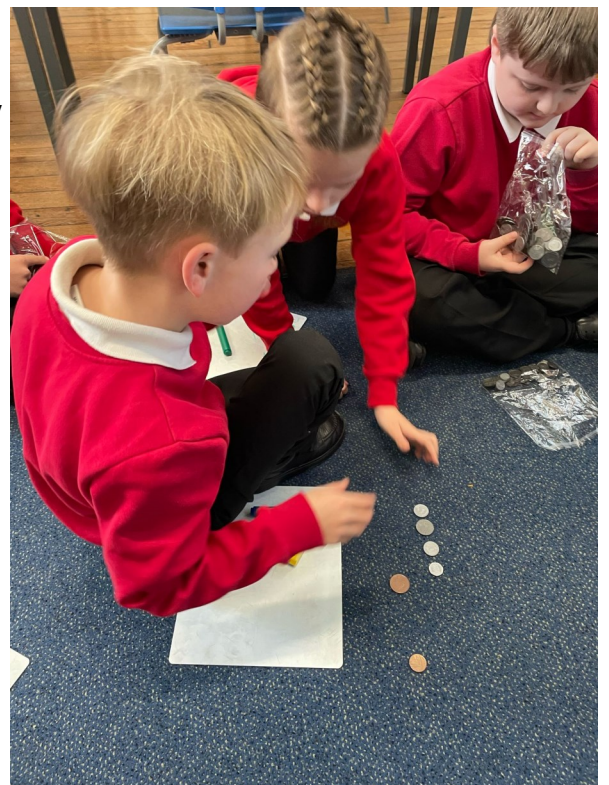

a cross-curricular adventure! 🌐 In collaboration with English, History, and Art, our children will write non-chronological reports, delving deep into the essence of each historical period studied. 📚🖋️

Meanwhile, over in the realm of numbers, our Years 3 and 4 children

dove into the world of money! 💰 With real-life coins and scenarios as their guides, they honed their mathematical prowess with enthusiasm and flair. 💡

As we wrap up this whirlwind of a week, we encourage you to extend the learning beyond the classroom. Next time you're out shopping, why not let your child take the reins? Engage them in real-world scenarios to reinforce their newfound skills and watch their confidence

soar! 🛒🧠

Welcome back everyone, I hope you had a great Easter holiday, and are ready for the excitement that the new term will undoubtedly bring.

As always, we have an action packed half term ahead. Please keep in touch via class Dojo and up to date with the newsletters.

SCHOOL MEALS PRICE INCREASE FROM SEPTEMBER—SORRY

May I inform you of an upcoming adjustment to our school meal pricing. The price for a school meal will be increased to £2.55 starting September. This is still below the LCC recommended charge of £1.70. This change is a response to rising costs, and please rest assured that we have worked diligently to keep this increase to a minimum while continuing to offer nutritious and enjoyable meals for our children. Your understanding and continued support are greatly appreciated as we make these necessary adjustments. I'll check out our finances for after school clubs and breakfast club over the coming weeks.

Year 2 Bibby's Farm Meeting, 14th May at 6:00pm

Children and parents are invited to come to Bibby's Farm to find out about the trip, ask any questions, see some of the activities and have a look at the accommodation. We will meet at Bibby's at 6pm. Children will be shown around the site while parents meet with staff to discuss the details of the trip.

Bibby's Farm Scout Camp Site, Back Lane, Heath Charnock, Chorley, PR6 9DL.
